Gold dust, in large packages by the overland mail reached San Francisco only two days in advance of its receipt by the Panama route.

Some of the boats in the harbor were looking up. The ice had broken up in the river, and steamers were making their usual trips.

The dates from Valparaiso are to the 16th, and from Callao to the 17th.

Another revolution has taken place in Chili. There is a prospect that the existing government will be overthrown.

There is a prospect that the existing government will be suppressed by government, and the provinces of Valparaiso, Santiago, and Acapulaca will be separated.

The printing offices have been closed, and a large number of citizens belonging to the political club at Aspinwall have been imprisoned.

The steamship Weymouth was announced to leave Aspinwall on the 20th for San Francisco via Cape Horn. The Costa Rican Congress was in session, and several resolutions were passed.

From Mexico.

NEW ORLEANS, Jan. 25.—By the *Steamer Tennessee* from Vera Cruz, a dispatch from Guadaluajara, was destroyed, just after Miramon left it.—One of the two hundred were killed, causing terrible consternation.

The Liberals had taken Mazatlan. Camacho had fallen back on Yatepec. Blanco and Coronado, with 500 men, were sent to the aid of Miramon, sent 600 men to his assistance, but it is thought the garrison will be obliged to surrender. Miramon declares that he will not surrender. He has written to his (Miramon's) election, but is silent since.—Robles is still pressing, backed by capitalists and the army. He has written to the president. Miramon declares for Zulazco, Robles will join the Liberals. The English and French Admirals are neutral, threatening demand on Juárez for the prompt payment of the bonds of the Mexican bonds. Gen. Francisco was released by Robles. Robles is unimpaired at the capital. It is reported that Robles is in the city.

Additional by the Overland Mail.

St. Louis, Jan. 28.—Notwithstanding two accidents which rendered it necessary to unpack and repack the mail, the Overland mail trip was accomplished in twenty-three and a half days.

Three passengers left San Francisco, but were obliged to remain at the station fifty miles west of Fort Chadbourne, in consequence of the breakdown of the train.

The roads through Arkansas and Missouri are much improved.

Reports from the Caddo Indians, an account of which was recently telegraphed from Washington, is stated to have grown out of thefts and outrages committed by the Indians. For the fight the Indians made a treaty with the Indians, receiving their promise of good behavior in the future.

For arduous cause on with the mail from Fort Smith.

FIRE AND EXPLOSION IN NEW YORK—The New

York Post has the following:

Fire broke out at ten o'clock last evening in the store No. 31 South street, on the first floor. The fire companies hastened to the spot, the doors were forced open, and several firemen had entered, hose in hand, and were searching amid the dense smoke for the locality of the fire, when an explosion occurred, knocking them senseless to the floor, and burning some of them severely.

Captain Mackey and Patrick Morse, of the insurance patrol, who were endeavoring to save the property in the building, were the worst burnt, the flesh peeling off from their arms and necks, and half a dozen of the firemen were more or less injured.

The building was occupied on the first floor by Hawkins & Ketchum, as a sailor's clothing store and fitting out establishment, and the powder which exploded was contained in kegs, where it was kept for sale. Some allege that there were two distinct explosions, one following another. Immediately following the explosion, a sheet of flame burst from the doors, extending nearly across the street, and it was with great difficulty that the persons in the store could be got out.

From Washington.
WASHINGTON, Tuesday, Jan. 25.—The bids for the new loan sum up thirty millions. The average premium accepted is two and sixty two hundredths per cent. The average on the last was four and twenty five hundredths per cent. Three bids from Philadelphia, covering two millions reached the Department one hour after the time for receiving bids had closed. They reached the city in time, but were erroneously sent first to the Sixth Auditor. Secretary Cobb refused to consider them, and the private will be confined.
Mr. Cobb is opposed to the proposition of the House Committee to increase the tariff. Reliable assurances much in line reached from New York

The revenue from imports would reach six or three millions. Such is the opinion of your men "to change." The Secretary fears, if the tariff is interfered with, that the "protective" influence will control the new bill.

A complaint was lodged to day, against Collector Schell, for suspending a subordinate. The Secretary refused to interfere.

The statement that the Oregon war debt had been reduced from five millions to one is incorrect. No result has yet been arrived at.

The official Navy Register will be ready for distribution in about three weeks. It will show the names of all the retired officers.

The fishing boat, a protracted session to-day.

The pressure for office is now greater than at any time since the inauguration of Mr. Buchanan.

St. Clair Denver will probably be appointed Superintendent of Indian Affairs in California vice Henley, removed.

Land Grants to Railroad Companies.

Within the last two years there have been many millions of acres of the public lands granted to different railroad enterprises. In the States of Iowa, Alabama, Florida, Louisiana, Wisconsin, Michigan, Mississippi, and Minnesota, nearly 12,000,000 acres have been donated by the General Government for the purpose. If these lands be valued at Government price alone, the General Government has contributed \$15,000,000 to the making of roads in the United States; but the value of the land at the market value, more than an undred millions of dollars have been thus appropriated.

The report of the Commissioner of the Land Office of the United States, according to the Railroad Record, shows that these lands have been given as below designated, in the eight States above named:

McLEAN'S
**Strengthening Cerebral and Blood
 PURIFIER.**

Before taking

After taking

THE greatest remedy in the world. This Cordial is distilled from a berry known only to itself, and chemically combined with some of the most valuable medicinal roots, herbs and barks known to the mind of man, viz., bloodroot, blackroot, wild cherry bark, yellowdock, dandelion, raspberries, elder flowers, with others, producing the most infallible remedy for the restoration of health ever known.

IT IS NATURE'S OWN REMEDY, curing disease by natural laws. When taken, its healing influence is felt coursing through every vein of the body, purifying and accelerat-

the circulation of the blood. It neutralizes any biliousness present in the stomach, and strengthens the whole organism.

McLean's Strengthening Cordial will effectively cure Liver Complaints, Dyspepsia, Jaundice, Chronic or Nervous Headaches, Biliousness, Indigestion, and all ailments arising from a disordered Liver or Stomach. Heartburn, Inward Piles, Acidity or Sickness of the Stomach, Fullness or Distention of the Liver, Dropsy, Swelling of the Head, Palpitation of the Heart, Fullness or Weight in the Stomach, Sour Eructations, Choking or Suffocating feeling when lying down, Dryness of the Throat, Itching of the Skin and Eruptions of the Face, Stiffness of the Neck, Pain in the Back, chest or side, Fudden flushes of Heat, Depression of Spirits, Prolific Diseases, Languor, Respondency, Nervousness, Irritability, and all other ailments of the Liver and Fever and Ague, (or Chills or Fever.) It will also cure diseases of the Bladder and Womb, such as Seminal Discharge, Gonorrhea, Stricture, Catarrh of the Bladder, and Inflammation or Weakness of the Womb or Bladder, Whites, &c.

There is no Mistake About It.
This Cordial will never fail to cure any of the above

disasters, if taken pre-dilutions on each bottle, in Germany, and in the United States.

McLean's Volcanic Oil Liniment.
The best Liniment in the world for man and beast.
Another remarkable cure performed by McLean's Volcanic Oil Liniment. Read for yourselves:
Thomas Smith, a blacksmith, residing at 225 Nassau Avenue, on Tenney Street, had a horrible running sore on his foot. He tried various Liniments, Salves, &c., but could do it no good. He despaired of ever being able to work at his trade again, because of the pain and the weight on his foot; and by one small bottle of McLean's Volcanic Oil Liniment, he is now perfectly cured.
Rheumatism, in the form of swellings, bruises, sprains, stiffness in the joints or muscles, swellings, sore throats, caries or toothache, wounds, fresh cuts, sores, burns, scalds, &c., &c., yield to the "magic" influence of this wonderful Liniment.
For Horses and Cattle this an infallible remedy for chafe, falls, scratches, cracked heels, lameness, spavins, &c., &c.

Every Country Merchant should obtain a supply of

McLean's Volcanic Oil Liniment. It sells rapidly, because it always cures.

A liberal discount will be made to merchants who buy to sell again.
